MISSING AVIATORS TURN UP ALIVE—HUDSON'S BAY COMPANY SHIP FLASHES RADIO MESSAGE; HAD BEEN LOST NEARLY TWO MONTHS

Winnipeg, Nov. 5.—(C. P.)—Marooned on a frozen island in the Arctic ocean, eight newly rescued explorers today waited the arrival of ski-fitted seaplanes to carry them south to civilization. After nearly two months of wandering over the island, Col. C. D. H. McAlpine and his seven mates face another month's delay before they can be carried out of the chill north.

Today the elated explorers rested at Cambridge Bay, ice-locked harbor on the south shore of Victoria Island, opposite Bathurst Inlet. It was for Bathurst Inlet that they had set out on September 8, in their two cabin planes from Baker Lake, 300 miles west of Hudson Bay. Weary but happy, gaunt but healthy, the eight explorers were building up wasted sinews. Col. McAlpine, party leader, had lost 40 of his 200 pounds.

Report is Confirmed
Winnipeg, Nov. 4.—(C. P.)—Confirmation of the rescue of Col. C. D. H. McAlpine and his seven companions, after eight weeks' isolation in the Arctic barrens, was received this afternoon by Dominion Explorers at search headquarters here. A message from Phil Fantaine, radio operator at the Bathurst Inlet radio station, was as follows:
"Fort James station at GJOA Haven, King William Land, advised me at 10 a. m. mountain time, that McAlpine party arrived safely at Cambridge Bay, across the ice from Dease Point. Fort James will forward me more instructions as soon as possible."

Safe and Well, is Message
Winnipeg, Nov. 4.—(C. P.)—The McAlpine party is safe and well. This is the context of radio reports received in eastern and western Canada from a Hudson's Bay Company steamer, the Fort St. James, moored in Cambridge Bay, on the south shore of Victoria Island. Victoria Island is directly north of Bathurst Inlet within the Arctic circle.

Lost for eight weeks, the McAlpine party, led by Col. C. D. H. McAlpine, president of Dominion Explorers, a northern aerial polar exploration company, left Baker Lake, off the coast of Hudson Bay, on September 8. There were eight members of the party. The message from the north stated that they had been located at Cambridge Bay.

The brief flash, picked up at Churchill, on Hudson Bay, and relayed south, said:
"McAlpine and party found. All well. Located Cambridge Bay."
Large Amount of Assurance
Though officials of Dominion Explorers directing search operations from Winnipeg, were hesitant to accept the final report as received both at the northern end and at department of marine and fisheries, Ottawa, they felt a large amount of assurance in the fact that both stations had picked up the rumors. C. H. French, fur trade commissioner of Hudson's Bay Company, could not confirm the report, which have emanated from the company post at Cambridge Bay, and was awaiting a message from Fort St. James.

If the McAlpine party were picked up somewhere on Victoria Island, as the message from Cambridge Bay would indicate, they must have flown off their course— and beyond across the Dease straits. Twenty miles wide, the strait extends between the Arctic shore of the dominion and Victoria Island.

ANNUAL MEETING FOOTHILLS LEAGUE GRANUM, NOV. 12
Claresholm, Nov. 5.—The annual meeting of the Foothills Hockey League will be held at Granum on Tuesday afternoon, November 12. Nanton, Staveland, Claresholm, Granum and Macleod composed this league last year.

LIKE A BOY
He was spending his first term at a boarding school, and his parents anxiously awaited the arrival of his first letter.
It was not received for more than a week, and it was short and to the point.
"Dear People: I don't think I shall be able to send you many letters while I'm here. You see, when things are happening, I haven't time to write; and when they aren't happening, I haven't anything to tell you. With love to all, Harry."

MY, YES!

EUROPE IS NOW BUYING MORE WHEAT SUPPLIES FROM CANADA AND U. S.—ADVANCES OF EXPORT PURCHASING ARE REPORTED—LESS SHIPMENTS FROM ARGENTINA AND BLACK RUST IS LIKELY TO REDUCE YIELDS—AUS- TRALIAN CROP RIPENING IR- REGULARLY

Chicago, Nov. 1.—Giving emphasis to surprise up-turns in Liverpool wheat prices today were indications that the outlook for the southern hemisphere supplies to Europe were dwindling, and that the demand for North American bread stuffs was taking on broader proportions. Advances of export buying over night both from the U. S. and Canada were coming from many sources. According to one authority, Canadian flour mills were doing the largest export business in a long time. Some messages said the total was the largest in history and included sales to every quarter of the world.

In addition to decided paucity of shipments from Argentina, black rust on wheat in sections of that country were reported today as likely to reduce yields unless the weather became dry immediately. Meanwhile, dispatches from Australia said the crop there was ripening irregularly, that in New South Wales frost damage was serious, and that it was being suggested the 1929 Australian crop would not be more than 90,000,000 bushels.

V. C.'s FROM CANADA ARRIVE IN ENGLAND—PRINCE OF WALES SUPERVISING ARRANGEMENTS FOR DINNER ON NOVEMBER 9

London, Nov. 2.—The advance guard of the Canadian holders of the Victoria Cross arrived at Liverpool yesterday enroute to London for the dinner tendered by the British Legion of ex-service men, and at which time they will meet the Prince of Wales. T. F. Lister, national vice-president of the British Legion, welcomed the Canadians.

The Prince of Wales is personally supervising the arrangements for the dinner, which will be held in the parliament buildings on the night of Saturday, November 9, two nights before Armistice Day.

The dishes and menu supplied by the prince are of all British products. It will be a simple dinner of five courses—soup, fish, a joint of beef, poultry, sweets and empire fruit. The cigars and cigarettes will be of English make.

The liquor will include champagne, red and white wines, and whiskey, all from empire sources. The prince will receive every guest personally at the entrance to the royal gallery of the House of Lords. From 350 to 400 guests will attend, and a staff of between 80 and 90 waiters, most of them ex-service men wearing decorations.

The tables will be decorated with Flanders poppies, and music will be supplied by the band of his Majesty's Grenadier Guards.

ALBERTA POOL ELEVATORS, LTD. TO DISTRIBUTE OVER \$500,000 — THIS REPRESENTS AMOUNT OF EXCESS EARNINGS FROM HANDLING 1928-29 CROP

Calgary, Oct. 31.—More than \$500,000 will be distributed this week to the farmers of Alberta by the Alberta Pool Elevators, Limited, this being the amount of excess earnings from handling the 1928-29 crop. The official announcement was made by the pool officials on Thursday stated:

"The basis of distribution is one cent a bushel on all pool wheat delivered to pool country or terminal elevators and one cent a bushel on all coarse grains delivered to pool country elevators on street basis by pool members.

"Distribution of cheques will be made by Pool Elevators' agents and will be in their hands shortly.
"Cheques covering excess earnings on coarse grains will not be available for distribution until about December 1 next. The excess elevator earnings for the 1928-29 season were reduced considerably as compared to the earnings of the 1927-28 season. The reason for the reduction is accounted for practically entirely through difference in type of crop handled from terminal elevators 'standpoint. In 1927 a large percentage of grain delivered was tough and damp, and a substantial earnings was obtained from conditioning this grain in the terminals. On the other hand, very little tough grain was delivered from the 1928 crop. Furthermore, the 1927 wheat was of a type well suited for mixing purposes, which was not the fact with the 1928 crop.
"Approximately 50,000,000 bushels of grain of 1928 crop were handled through Alberta Pool Elevators, and this distribution of \$500,000 is made available after all operating expenses have been deducted, and after payment of interest at six per cent on the capital invested in the system, and also after an allowance of five per cent, has been made for depreciation on all Pool Elevator properties."

HIS IRISH, ANYWAY
"Hey!" said a man, coming into the repair yard, "any of you fellows know a wrench?"
"Yes," replied one of the mechanics, "I did."

"What's your name?"
"Mike Connors."
"Well, this wrench belongs to Pat Pending. His name's on it."—Christian Science Monitor.

HAMMERING IT HOME
"Now," said the lecturer, "I want to hammer home this saying of Lincoln—
"With mallets toward none, I hope," said a voice.—Christian Science Monitor.

FERGUSON HAS 91 SUPPORTERS ONTARIO HOUSE—18ST FIGURES GIVE CONSERVATIVES LEAD OF AT LEAST SEVENTY

Toronto, Nov. 1.—Subject to possible change in one or two constituencies and one deferred election, the complexion of the eighteenth legislature of the province of Ontario was definitely established today.

Ninety-one Conservatives under Premier G. Howard Ferguson will sit in a house of 112 members as a result of the general election in the province Wednesday. The party standing is:

Conservatives, 91; Independent Conservatives, 2; Liberals, 11; Progressives, 3; Liberal-Progressives, 2; Labor, 1; United Farmer, 1; deferred, 1. Total, 112.

The Conservative government elected 14 more Conservatives than in the 1925 elections. The Conservative government has a mandate from the people to continue its administration of the Liquor Control Act and go ahead with an ambitious program of provincial expansion outlined during the campaign.

At once reviews the perennial rumor that Premier Ferguson may retire. It is unlikely he will do so for some time at least after receiving an overwhelming mandate.

GOVERNMENT CONTROL OF LIQUOR CARRIES IN NOVA SCOTIA VOTE

Halifax, N. S., Nov. 1.—After nine years of prohibition, Nova Scotia in a plebiscite has voted in favor of sale of liquor by the government. The result was complicated by two questions, and voting was not confined to one. The questions were:

Are you in favor of continuing the Nova Scotia temperance act?
Are you in favor of the sale of alcoholic liquor under a government control act?

A majority voted yes on each question, but the vote for government control exceeded by more than 24,000 the number who voted for retention of the prohibition law.

Leaders of both sides agreed that the result indicated approval of government sale of liquor, but Premier E. N. Rhodes said he would wait more complete information before announcing an official interpretation.

The vote with only 45 small polls missing out of a total of 1,137 was: For the temperance act, 61,202; against, 36,171.
For government control, 86,078; against, 41,189.

THE SELLERS OF SEALS

"This month there has come into the Head-office of the Red Cross Society in Edmonton the annual shipment of xmas seals to be sold for the benefit of the little crippled children in hospital under the Junior Red Cross in Calgary and Edmonton. It is a stupendous task getting rid of such a large quantity and would be well nigh impossible were it not for the splendid band of eager young salesmen and salesladies who make their special pride and privilege to merchandise these attractive stamps.

When every Red Cross Junior member begins business as a seller of seals he puts himself in touch with a great united effort that extends from coast to coast in every province of Canada where there are Junior workers to keep their pledge of service to the sick.

Alberta Juniors have long been famous for their remarkable efforts at Christmas time, or rather earlier than that, for it is necessary that seals be sold for parcels and letters that are going on their errands of goodwill across the seas to the Motherland and the parts of the world. It is an easy matter for reader to decide that in so far as he is able, (and surely all can do this small courtesy) he will patronize the little merchants who are earnestly trying to dispose of packages of seals.

A little imagination helps the purchaser in the pleasant thought that his seal money, though small in itself, is part of a great and worthy effort made by the children of the province to assist those who are so unfortunate as to be patients in hospital, and who, thanks to Junior Red Cross, are getting the Motherland and the parts of the world. It is an easy matter for reader to decide that in so far as he is able, (and surely all can do this small courtesy) he will patronize the little merchants who are earnestly trying to dispose of packages of seals.

THE COVERS RECOVERED
Alice: "I hear Mrs. Clyde had a very costly set of covers made to protect all her furniture."
Virginia: "Yes, the material was so lovely that she is now having a second set of cheaper covers made to put over the first set, to protect them."—Pathfinder.

SEALED TENDERS CALLED

SEALED TENDERS in writing for the purchase of the "Mrs. E. McNab Ranch" consisting of the following lands:

The S. ½ and the N. E. ¼ of Section 35; the N. W. ¼ of Section 25; the S. W. ¼ of Section 36 and the N. E. ¼ of Section 26 all in Township 8, Range 25, West of the 4th Meridian and the S. W. ¼ of Section 1, in Township 9, Range 25, West of the 4th Meridian will be received by the undersigned until December 1st, 1929. All of the land is unbroken except about 140 acres. It is all fenced. There is a dwelling house and sheds on the land, good well water, about 7 miles from the Town of Macleod.

The highest or any tender will not necessarily be accepted.
R. B. McNAB, GEORGE PEARSON, both of Macleod, Alberta, Executors of the Will of Mrs. Elizabeth McNab.
DATED Oct. 17, 1929.

TO MAKE START, ALTA. RAIL- WAY PROGRAM—ANNOUNCE- MENT MADE BY SIR HENRY THORNTON AND E. W. BEATTY

Montreal, Nov. 2.—Announcement was made yesterday jointly by Sir Henry Thornton and E. W. Beatty of the branch line program to be commenced in 1930 by the Northern Alberta Railways. The presidents of the two transcontinental systems, which jointly own the Alberta Railways, point out that, under the agreement for acquisition, the purchasers undertook to build, within five years, over sixty miles of branch lines, in addition to the branches under construction by the government of Alberta at the time the purchase was made.

To meet the traffic needs of the district, and in fulfillment of statements previously made, the directors of the Northern Alberta Railway have, therefore, decided to recommend to the government and to the directors of the Canadian Pacific, the commencement in 1930 of a line from Hythe to Rolla, a distance of 50 miles, and from Fairview westward, a distance of 15 miles. In addition, the Northern Alberta Railways will, during the coming year, undertake to investigate the traffic possibilities of an extension west from Spirit River, and from a point on or near Grimshaw, to serve the Battle River district, in which considerable settlement has taken place.

The program announced is of considerable magnitude and confirms the statement already issued that, in the opinion of the Canadian National and Canadian Pacific companies, the most important and immediate work in the development of the Peace River area is the construction of branch line mileage.

**LABOR PARTY MAKES GAINS IN
ENGLAND CAPTURES 102
SEATS AND LOSES 12 IN
MUNICIPAL ELECTIONS—
SENSATIONAL WIN IN WALTHAMSTOW**

London, Nov. 2.—Substantial gains by the Labor party and the failure of the Communist candidates to cause any impression on the electorate were the chief features of yesterday's municipal elections, returns available today indicated.
Polling was held in the cities and boroughs in England and Wales, excluding London. The final figures received from 80 boroughs showed the following gains and losses:

Labor, 102 gains, 12 losses.
Conservatives, 11 gains, 66 losses.
Liberals, 13 gains, 28 losses.
Independents, 10 gains, 39 losses.

The most sensational Labor victory was in Walthamstow, Essex, where the Labor party captured 30 out of 36 seats in the new borough council.

HEALTH SERVICE — INSOMNIA

Inability to sleep is insomnia. This is a symptom which occurs in some diseases but in health it is chiefly a bad habit due to conditions which can be corrected.

Falling asleep is a habit. One is much more likely to go to sleep easily if there is a regular hour for going to bed. Enough physical work or exercise should be taken during the day so that the body is physically tired at bedtime. Over-fatigue, however, tends to disturb sleep.

Insomnia is caused, in many cases, by the individual's worrying about not being able to sleep. There is no reason for worry. Lying quietly in bed, even if not asleep, is rest, and if worry about not sleeping is banished from the mind, sleep will come all the sooner. Those who suffer from insomnia very often sleep much more than they realize. They are worried that they are not sleeping, and they are not. The clock strikes every hour, but, in fact, it will be found that they slept a fair amount.

No one should worry about inability to sleep, as we have said, and any deliberate effort to put one's self to sleep will most likely have the opposite effect. There are, however, certain things which may be done and which have been found to be helpful in many cases.

A walk during the evening, a warm bath, a warm drink, unless it causes bladder action during the night, are helpful to many. The bedroom should be well-ventilated and cool, for the bed should be on a porch. The bed should be firm and comfortable, the pillow low. Usual or monotonous sounds, or lack of sound, tend to promote sleep.

A person sleeps best when the stomach is practically empty. A heavy meal may cause sleepiness for a time, but it disturbs rest later. Reason for worry. Lying quietly in bed, even if not asleep, is rest, and if worry about not sleeping is banished from the mind, sleep will come all the sooner. Those who suffer from insomnia very often sleep much more than they realize. They are worried that they are not sleeping, and they are not. The clock strikes every hour, but, in fact, it will be found that they slept a fair amount.

No one should worry about inability to sleep, as we have said, and any deliberate effort to put one's self to sleep will most likely have the opposite effect. There are, however, certain things which may be done and which have been found to be helpful in many cases.

A walk during the evening, a warm bath, a warm drink, unless it causes bladder action during the night, are helpful to many. The bedroom should be well-ventilated and cool, for the bed should be on a porch. The bed should be firm and comfortable, the pillow low. Usual or monotonous sounds, or lack of sound, tend to promote sleep.

THE CHARGE
Judge: "Gentlemen of the jury, now that you have heard the evidence and the argument of counsel, it becomes my duty to charge you."
Juror: "Judge, it isn't fair to charge us for these uncomfortable seats and listening to such a poor show."—Christian Science Monitor.

Parking space: An open bit of terrain halfway between where you came from and where you're going.

2 LITTLE TOTS ARE DROWNED AT LUNDBECK — EILEEN AND EDWARD FOLEY, AGED AND 3, FALL INTO RIVER— NO WITNESS OF DOUBLE TRAGEDY

Lundbeck, Nov. 4.—A particularly sad double drowning fatality occurred Sunday afternoon in the North Fork of the Old Man River when the two small children of Mr. and Mrs. Dennis Foley lost their lives.

According to the meagre details obtainable, the children, Eileen, 4, and Edward 3, were playing beside the river. How they perished probably will never be known for it is believed there was no witness of the circumstances that cut short so tragically their play.

The brother and sister were missed by the parents about 4:30 p. m. and a search was at once instituted. Edward's body was recovered at 8 o'clock in the evening, and that of his little sister at 8:30.

The Foley ranch home is near the river, and it is probable that the children, in playing too close to the bank, fell into the stream to death. The death of the tots has cast a pall of sorrow over the whole community.

ALBERTA GAINS IN RULING BY PRIVY COUNCIL — BENEFITS BY ABOUT \$120,000 IN SUCCESSION DUTIES' CASE DECIDED

London, Oct. 31.—(By Canadian Press Cable.) The judicial committee of the privy council today dismissed with costs the appeal of the Royal Trust company against the government of the province of Alberta.

The decision upholds an Alberta court ruling that succession duty is payable on certain Victory bonds, portion of the estate of the late William Hull, such bonds being "legally situate" within the province of Alberta.

The ruling is important as establishing Dominion government bonds to succession duties taxation, and it is understood the province of Alberta is a large financial gainer by the ruling.

H. P. McMillan, K. C., of London, and Attorney-General Hon. J. F. Lymburn of Alberta, represented the province, and Geoffrey Lawrence, K. C., London, and H. G. Noel, of Calgary, acted for the trust company.

Lymburn is Pleased
Edmonton, Oct. 31.—Hon. J. F. Lymburn expresses himself as greatly pleased and fully satisfied with the decision in the Victory bond taxation case just given by the privy council's judicial committee. He had been hopeful of such a verdict, he says, and the principle now laid down by the imperial court will be of great importance not only to Alberta but to all the provinces.

In the particular case in which the appeal was taken by the Royal Trust Company, that of the estate of the late W. R. Hull of Calgary, the Alberta treasury will gain approximately \$120,000 by the decision, that being the amount of the succession duties involved. Taxation of a similar kind on previous Victory bonds, but not appealed, is also confirmed, and will stand while all further cases will be dealt with on the basis of the new ruling.

"There are so many war bonds in the country now," says Mr. Lymburn, "that it would have been disastrous if they were liable only to the Ontario government. That was one of the arguments against us, it being claimed that, because all registered bonds are registered in Ottawa, other provinces have no right to collect on them. If that position had been approved by the privy council, Alberta, for instance, could not tax any Victory bonds and would have lost heavily on succession revenue. Our rights and those of all the other provinces, however, are now established."

An excellent hearing was given when the case was before the judicial committee, the attorney-general remarked, and all angles of the situation were carefully considered.

PROTECTING PERENNIAL FLOWERS

(Experimental Farms Note.)
Prairie winters demand protection for perennial flowers. In order to do this the less hardy ones should be given special care by covering the plants just before freeze-up with three to four inches of straw litter. This should be allowed to remain on the plants until the middle of May. Straw covering aids in attracting additional snow. Such protection should be given to Pinks, Pansies, Hollyhocks, Lupines, Canterbury Bells and newly planted Peonies. The latter should have their crowns two to three inches below the surface but it is well to bear in mind that an additional four inches of straw should be added after freeze-up. After the first winter peonies should not require further winter protection.

A subject of frequent inquiry along this line at the Dominion Experimental Station, Scott, is winter protection for roses. The method used at this Station for protecting Hybrid Perpetual and Hybrid Tea roses is to tie up all growth loosely and earth it around to within two inches of the top. After the ground is frozen the whole is then covered with six inches or more of straw litter. In the spring the straw litter is removed a few days before the soil is again levelled. Following this the branches are trimmed back about one third, leaving an outside bud on top but care is taken to cover such bushes with canvas or boxes at night when frosts are expected in the spring.

CURRENT TALK

"In 50 years do you suppose electricity will be made like it is now?"
"Dunno. They'll have to look after their own generation."—Christian Science Monitor.

EMPRESS THEATRE INSTALL- ING TALKING PICTURES IM- MEDIATELY—FIRST "TALKIE" OPENING THURSDAY, NOV. 14

Messrs. Booth and Hughes, proprietors of the Empress Theatre, at Macleod are making extensive alterations and improvements in the theatre building this week.

A double front is being erected for the purpose of shutting out street noises and to prevent draughts to those occupying back seats.

The theatre is being wired for one of the best "talkie" equipments on the market, which can use both Movietone and Vitaphone products, and the reproduction is guaranteed to be equally as good as the city theatres. The management are also installing two new projection machines which will greatly improve the pictures on the screen. A rotary converter has also been purchased and will be installed, which means a better and brighter picture.

For the outside a new Neon sign is on order, which will greatly add to the appearance of the theatre. As silence is essential to the talkies, new matting is being laid on all the floors which will add considerably to the comfort of the patrons.

These improvements are on the highest scale ever made in this theatre and the management are to be congratulated on having faith in Macleod and district to invest the huge sum necessary to make such elaborate improvements. It is hoped that the public will appreciate these efforts and take advantage of having a theatre on a city scale right in their own town and give it their hearty support. The proprietors guarantee showing the best pictures on the market.

The grand opening for the "talkies" will take place on Thursday next, November 14th, when the feature attraction will be "The Gold Diggers of Broadway," which has been booked for a three day showing. This is a big New York musical comedy starring Nick Lucas, Alice White and Ann Pennington and comes direct from the Capitol in Vancouver, Macleod having the first showing in Alberta.

**COMING EVENTS
FORESHADOWED**
CANADIAN LEGION MILITARY BALL
The Canadian Legion, Macleod, will stage their 11th Annual Military Ball on Friday, November 8th, 1929, in the Hudson's Bay Hall. Whittaker's Orchestra. All ex-service men have been granted permission to wear uniform. Dancing from 9 to 2 o'clock. Supper will be served at midnight. Admission: Gentlemen \$1.00—Ladies \$1.00.

On Nov. 21 the Junior Choir of the United Church will give a concert in the Auditorium and have secured Miss Jessie B. Tuite, graduate of London and Edinburgh and dramatic instructor at Albert College, Belleville, Ont. Her recommendations are the very strongest and a remarkable treat is in store for all who secure a seat. Tickets from members of the Junior Choir at 35¢; students 25¢.

The Catholic Women's League will hold their Annual Bazaar, Afternoon Tea, Etc., and drawing for Treasure Chest on Saturday, November 23, in the Town Hall. 37-3t

PAY THEM AND KEEP THEM

National research council research is proving a boon to Canadian industry. And there is plenty of room for more boons.

In Alberta, for instance, natural gas equal to 8000 tons of coal is burned as waste every day. The council, with limited means at its disposal, makes a grant to extend gas research. But such is Ottawa's idea of economy that this enormous important gas research must be put in the hands of an associate committee. In other words, the salvaging of 14 to 15 million dollars a year in gas waste alone is tackled haphazard by part time men.

Magnesian markets have been recovered, thanks to research, and one of the investigators has been taken over by the industry, an Ottawa despatch says. He was taken over because the industry paid him more than the Dominion would.

Other scientific men follow the same road. They need not. If Canada is ever to place its research on the basis it deserves, then Ottawa must be prepared to pay them well.

Sir Henry Thornton salvaged the Canadian National Railways and built it into a paying system. He is paid \$75,000 a year. He is worth it.

And with the example of Sir Henry Thornton before it, the Dominion government should at once launch an aggressive research program. Not until these spare time university professors and underpaid investigators of the research council are engaged on contract and paid salaries that will keep them in Canada, can this country expect to raise its invaluable research to the status of a national foundation.

CREDIT

Not long ago a man living in this community saw an article in a mail-order catalogue that he decided to buy. This man possesses quite a stack of shekels and anybody would be glad to sell him and charge it. He wrote the mail-order house this: "Send article. If good, will send check."

In due time he received the following: "Send check. If good, will send article."—Sunnyside Sun.

NEW CHANEY FILM IS HAPPY MEDIUM "WHERE EAST IS EAST" IS MINGLING OF BEST IN STARS PORTRAYALS—TUESDAY

Some say that Lon Chaney is at his best in a drama of sinister shadows, of strange revenge and fantastic disguise, others like best his dramas of adventure, such as his "Tell It to the Marines," where he forsakes crippled roles for his own very strenuous and athletic self.

In "Where East Is East," his new Metro-Goldwyn-Mayer drama now playing at the Empress Theatre, Chaney has struck a happy medium. He wears a strange disguise, it is true, but mingles adventure and thrills with what finally turns out to be one of the strangest and most compelling situations ever seen in a play. He is an adventurer, a bit of swashbuckler; then, when faced by a terrible choice, he becomes the most deadly of menaces. "Where East Is East" is something decidedly new in entertainment, and, possibly, one of the greatest roles in the career of the character star.

"THE PAGAN" ANOTHER TRIUMPH FOR NOVARRO—STAR WINS NEW ACCLAIM IN PICTURE COMBINING ADVENTURE THRILLS AND LOVE ROMANCE IN GLAMOROUS SOUTH SEAS—EMPRESS MONDAY

Ramon Novarro, whose most recent appearance was in the uniform of civilization, is now to be seen at the Empress Theatre in "The Pagan," playing in a vastly different and far more glamorous role.

As a half-caste islander, trying to hold to the traditions of his islands against the influx of a foreign civilization, he stages a desperate, yet romantic struggle for the girl he loves. Novarro's role is reminiscent of that earlier success of his, "Where the Pavement Ends." In "The Pagan," however, he portrays a far different and much more strenuous character.

"THE STUDENT PRINCE" IS A DRAMATIC EVENT—FILMING OF THIS GREAT ROMANCE BINDS DESTINIES OF STAGE AND SCREEN TOGETHER—EMPRESS WEDNESDAY

An event that has perhaps done more than any other to bind together the destinies of the screen and the stage was the filming of "The Student Prince," one of the stage's most famous romances, and pathway to fame for Richard Mansfield, Dion Boucicault, and other celebrated footlight stars. The famous drama, one of the most widely-read and widely-seen stories of the world, was given a production that made new screen history at the Metro-Goldwyn-Mayer studios, and

will be seen Wednesday at the Empress Theatre.

Ramon Novarro, hero of "Ben-Hur," plays the role of Karl Heinrich, the unhappy prince, Mansfield's role on the stage, and Norma Shearer his pathetic sweetheart Kathie. One of the biggest casts ever assembled support them, with thousands of people in the crowd scenes, court ceremonies and other spectacular details. Entire towns were built, as well as reproductions of huge German castles in the massive filmization.

PRESENTATION TO EXALTED RULER D. W. DAVIS AT REGULAR MEETING OF MACLEOD ELKS LODGE—FOLLOWED BY SOCIAL EVENING

D. W. Davis of Macleod, the Exalted Ruler of Macleod Lodge B. P. O. E. No. 129, was presented with a handsome silver tea service on Tuesday evening at the regular meeting of the Elks. The presentation was ably made by Past E. R. Frank Walshe who congratulated Brother Davis on his recently joining the ranks of the benevolent and wished him on behalf of Lodge No. 129 many years of joy and happiness in his new sphere of life. Exalted Ruler Davis, in accepting the very handsome gift, said it came as a great surprise to him, and he wished to thank the brothers both on behalf of his wife and himself for the very beautiful but unexpected present.

A dance and social evening followed the regular lodge meeting and over 170 Elks and their wives and friends passed away several pleasant hours in dancing and whist. At 11 o'clock the very beautiful Elks' special service was given by Past Exalted Ruler Parsons of Lethbridge, who delivered the address in very befitting manner, after which all those assembled joined hands and sang Auld Lang Syne. At 11:30 a splendid buffet luncheon was served which every one heartily enjoyed. The music was furnished by Ryan's Melody Makers. The occasion of the dance was the opening of the Elks' new premises in what was known as the Hudson's Bay Hall, which will in future be known as the Elks' Hall, a spacious roomy premises fitted with every convenience for lodge business and social entertainment with large auditorium for dancing and concerts.

South Maleod News

The past snow storm means much moisture, which is pleasing to the farmers.

Mr. Cahoon, who has been in the hospital for the past week or so, is home much improved in health.

The school children of Waterton school have organized a Junior Red Cross Society with Miss Olive Loyd as president and Miss Teresa Fiedler as secretary-treasurer. They held their first meeting October 25th with parents and friends attending. Much credit is due to them in the able manner they conducted their

meeting and the good programme put on.

The dance given by Standoff Women's Institute on October 25th at Waterton School was a huge success and the ladies are well pleased with the financial returns.

Mrs. Chas. Johnson and Mrs. Geo. Robertson have been visiting in Spokane the past month.

Mr. W. J. Murphy and Mr. E. Natche are each building new houses with the most modern conveniences, with steam heating and Delco lights being installed.

The hydro-electric is fast pushing

their way toward Glenwoodville. All the poles are on the ground from Macleod to Waterton River.

Mr. and Mrs. R. Scott are happy over the arrival of a young son.

Mr. W. Perrin spent the week-end at Hazelmere.

Hunting parties are the order of the day. Mr. Collar, Mr. Hiner and Mr. Long, left for the far north, moose hunting.

Messrs. Wynard, Trowbridge, Skelding, Brewster Bros., and W. Trotter have gone to the North Fork, deer hunting.

Mr. and Mrs. Athol Hovis and Mr.

and Mrs. E. Whipple have moved to Macleod for the winter months.

Miss and Mr. Killoran, accompanied by J. Shannon, spent a few days last week with Calgary friends.

Mr. and Mrs. W. E. Young spent a day at Fishburn with friends.

The Standoff Women's Institute will meet November 14th at 1:45 p. m. at the home of Mrs. J. McNeil, Standoff.

WEDDING BELLS

DAVIS-SICKLES

A fashionable wedding of much interest to a large circle of friends in Macleod and Southern Alberta was celebrated in Seattle, Wash., at the home of the bride's parents, on October 29th, when Evelyn Mae, daughter of Mr. and Mrs. Leslie George Sickles, of 101-East 62nd Street, Seattle, became the bride of Darold Watson Davis, son of the late D. W. Davis, M. P., and Mrs. Davis, Macleod.

The ceremony was performed by the Rev. D. R. Shinn, and the bride was given in marriage by her father. The home was beautifully decorated for the occasion with lovely autumn flowers, chrysanthemums predominating.

The bride was handsomely gowned in white satin, with long veil trimmed in lace with lace cap and orange blossoms, carrying a bouquet of bridal roses and lilies of the valley.

The maid of honor was Miss Inez Gabele, who was dressed in pastel yellow, and carried a bouquet of roses. The matron of honor was the bride's sister, Mrs. N. D. Sheppard, who was dressed in pastel orchid and also carried a bouquet of roses. The ring bearer was the bride's young sister, June Ruth Sickles, who brought in the ring in a rose. The bride's mother wore a becoming dress of black georgette, handsomely trimmed with silk velvet.

The groom was supported by Norval Douglas Sheppard. At the close of the ceremony a dainty buffet luncheon was served, the table being centered with a lovely wedding cake. Musical selections were rendered by Miss Dee Vee Plunkett, the accompaniments being played by Mrs. Smole. The happy couple left for a short honeymoon at Tacoma and Spokane. They will reside in Macleod on 21st Street.

Gas Forces Woman to Sleep in Chair

"Nights I sat up in a chair, I had stomach gas so bad, I took Adlerika and nothing I eat hurts me now. I sleep fine."—Mrs. Glenn Butler. Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Rexall Drug Store.

MACLEOD CANADIAN LEGION MASK BALL SUCCESSFUL AFFAIR

The Canadian Legion, B. E. S. L. Macleod branch, held their annual Masquerade Hallowe'en Ball on Friday night in the Hudson's Bay Hall. As usual the Ball was a most successful affair and a delightful evening was spent by dancers, of which there was a good representative crowd from all over the district, quite a number being present from the Granum district. The fancy costumes were the feature of the dance and many beautiful and original character makeups were on parade for the critical eyes of the judges, who had great difficulty in deciding the best. Eventually after much deliberation the following were the successful winners. Best dressed lady (music lady), Miss Jean Rogers (Hindu), Frank McNab; best comic lady (old woman in shoe), Mrs. Dulmage; best comic gent (black cat), Ray Adams; best original costume (bride and groom), Mrs. W. Whitworth. Refreshments were served at midnight. The judges were: Mrs. Arthur Young, Mrs. Ashley Grier, Mrs. Darold Davis, Mr. Bennett and Mr. Cliff Clarke.

REGULAR MEETING OF MACLEOD TOWN COUNCIL

Little business of importance occupied the attention of the Macleod Town Council at the monthly meeting on Monday evening. All the members were present when Mayor J. W. McDonald, K. C., called the meeting to order. Chief of Police Pringle submitted his monthly report, which showed that five cases were brought before the Magistrate, with convictions in every case. The report showed one case of scarlet fever during the month, otherwise the town was clear of infectious disease. There was one fire call of minor importance, one burglary, the Rexall Drug Store.

Carry Your Amusement with you wherever you go!

A Portable Victrola

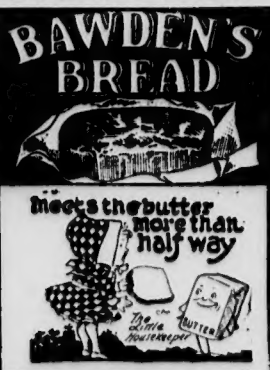

is as convenient a companion as your regular overnight club bag. We especially recommend Portable Victrola 2-35—for it undoubtedly is the finest value and the finest instrument ever offered at the price. It has a dozen features to be found in none but a Victrola, chief among which is its Orthophonic-type sound box... assurance of supreme tone and volume. And it carries its own supply of Victor Records.

The de luxe edition of the Victrola Portable—2-55—is without rival in the portable field. It is the finest portable ever built by Victor, embodying all the features of the 2-35, plus refinements which have made it the aristocrat of its line. The 2-55, the only portable with the automatic record-stop and other typical Victor improvements, sells for

HIGH PRAISE INDEED!

"How's the new country club?" "Not bad! They serve the best 50 cent dinner in this section for \$2."—Christian Science Monitor.

'ERE IT IS!

An English guard took the place of a Welsh guard on a train. The names of the towns in Wales are mostly consonants, and unbelievably long. The English guard's business was to announce the names of the towns as the train stopped at the stations.

At the first stop he managed to make a stagger at the name of a town printed on the front of the sta-

tion. The next town was considerably longer, and the guard hesitated before he finally managed to say something. But the name of the third town went clear across the front of the station, and had in it nearly every consonant in the alphabet.

The guard looked at it in despair, opened the door of the first compartment, and sung out: "If there's anyone in there for 'ere, 'ere it is."—Christian Herald.

How do you like our Lack-A-Line Limericks? Good?—All right, here's another:

There was a young fellow named Wier
Who hadn't an atom of fear
He indulged a desire
To touch a live wire—

Ask any owner of a Vessot feed grinder what he thinks of his machine. He will tell you that it outclasses all other makes for durability and fast work. Ball bearings reduce friction.

A miss is as good as her smile.

"Next" is now used chiefly as the barbarous password for the great unshaved.

Another thing Commander Byrd is discovering, there isn't so much of around the South Pole, is longitude.

"Why doesn't everybody in the country use the McCormick-Deering Cream Separator?" That is the question put to us the other day by Mrs. Orr. It must be our fault because it certainly is no fault of the machine.

How would you like to be in a place where every direction on earth is north?

If you want big capacity in grinding feed, be sure to select a Vessot feed mill, in the ball-bearing type. You will have the satisfaction of knowing that you own the best.

Take a hollow rubber ball, cut it in two with the scissors, make a hole in the middle of which ever half you wish to use, just large enough for your paint brush handle to go through, then pull the half-ball up tightly on the handle of the paint brush, cup fashion. This will keep the handle of the paint brush and getting onto your hands when painting ceilings.

For one row or a hundred, McCormick-Deering Cream Separators are built in all sizes.

"Next" is now used chiefly as the barbarous password for the great unshaved.

During Harvest and Threshing

we were very busy. It was difficult to maintain our service. We worked all the help we had space for and broke the closing by-law on Saturday nights, but managed to see that our customers were looked after, and managed, too, to keep out of jail.

Now we have more time. We have, also, heavy stocks carefully bought on a rising market at favorable prices. We are anxious to turn these stocks into cash, and in order to make it worth your while to buy in quantities and in case lots, we are prepared to quote very special prices on large orders.

Many country customers lay in a winter supply of staple groceries at this time of the year. If you will give us an opportunity to figure on these orders we are confident that we can save you money, and at the same time guarantee to you that goods of the highest quality will be yours, as well as that sense of satisfaction that comes from trading in your home town.

THE WHITE HALL

LOCAL AND PERSONAL NEWS

O. J. Wood of Lethbridge was a visitor, as water is an essential for stock rearing and feeding.

The Hon. Archie McLean was a business visitor to Regina last week, returning via Calgary.

S. E. Gust of Medicine Hat was in Macleod on Tuesday, in connection with the business of the S. E. Gust Stores.

Chas. E. Blaney of Vancouver, special travelling agent of the C. P. R., was a business visitor in Macleod on Friday. This is Mr. Blaney's first official visit to Macleod.

H. O. Haslam, K. C., of Clarendon and C. F. Carswell, barrister, of Granum were both in Macleod on Tuesday at the opening of the district court.

Mrs. James Rothney, accompanied by her daughter, Mrs. John St. George and young son James St. George, left on Wednesday for Fairhaven, Mass., U. S. A., where they will in future reside.

Dr. and Mrs. Edward Hollis of Waskatenau were the guests over the week-end of Mrs. S. G. Dunbar, 10th Street, Dr. Hollis' aunt. Dr. and Mrs. Hollis are on their honeymoon, having been married at Coronation on October 30th by the Rev. J. M. Armstrong, formerly Methodist Minister in Macleod.

Lieutenant Hames of the Salvation Army has received farewell orders and has left Macleod to take up an appointment at Verreuil, Alberta. Captain R. J. Cull has been welcomed as assistant to Captain Belkovich, the commanding officer. Captain Cull was in charge of the Army Corps at Swan River, Manitoba, for a period, following which he was stationed at Lacombe prior to taking up his present appointment in Macleod. The Captain was warmly welcomed over the past week-end.

J. F. Canning, farmer on Willow Creek north of Macleod, has just completed the purchase of three quarter sections of land in the north-west corner of Mud Lake school district. Mr. Canning will use this land for grazing purposes as he is going into the cattle business. About two weeks ago he bought in Calgary 1 car load of feeder cattle, and during the summer another two car loads, so that now with what he had previously on the home farm he has a herd of about 125 head. The recently purchased land has some fine

OBITUARY

DEATH OF MICHAEL GALLAGHER

Michael (Paddy) Gallagher, Old Timer of Macleod died at Vancouver Tuesday morning. A telegram was received Tuesday by W. J. Ryan from Dr. Mills, saying that the old gentleman had passed away, and that the body would be brought to Macleod for burial.

Dr. and Mrs. Mills, their son Durward, and Mrs. Mill's father Mr. Gallagher, only left Macleod on October 19th by car, for Vancouver where they have taken up their residence for the future. A letter from Dr. Mills a few days ago stated that "Paddy" had taken sick en route to Vancouver and that he was afraid the end was not far off.

Michael Gallagher was an ex-North West Mounted Policeman, having come to Macleod as a "Mountie" in 1876. After serving a number of years he left the force and took up land in the Macleod district, quite close to town and where he farmed successfully for many years, eventually retiring to Macleod, when he was no longer able to look after the interests of the farm.

ARMISTICE SERVICE

Following is the program for the Armistice Service to be held in the Empress Theatre on Sunday, November 10, at 3 p. m.:

Mothers! Have Your Child's Feet Fitted Properly By

THE NEW VISIBLE SYSTEM OF FITTING

(Patented 1926)

Exclusive With

Jack and Jill

Pushion Sole Shoes
for Children

BY THIS Jack and Jill method of "Visible Fitting" there is no more guesswork; the child's foot can actually be seen in the shoe, and cramping of the little toes, that grow so quickly, avoided. Children thus fitted will not need arch support and other appliances in later years. For never does a "Jack and Jill" Shoe bind growing bones or muscles. Firmly constructed yet flexible as a glove, they allow the feet to grow unhindered. Sturdy and strong to stand the wear and tear of active youngsters, yet priced very moderately.

Jack and Jill Shoes are Endorsed by Physicians Everywhere

Bring in the Children and have them properly fitted by
